Testimonial

San Giacomo & Franchi Farm (Villachiara - BS - Italy)

Farm Characteristics

Type of animal	Dairy cows
No. of animals	890
Housing type	✓ Cubicles/stalls with mats and sawdust ✓ Loose yards/bedded packs with straw/sawdust
SOP products used	SOP STAR COW

Laura Franchi told us,

"We use the SOP products to improve the barn environment and reduce the cases of mastitis and the SCC.

Last year we decided to stop treating the barn with the SOP products and to use others, but the situation deteriorated rapidly and we quickly went back to using SOP GOLD PRO COW [A/N: now they are using SOP STAR COW].

To give an idea: in the summer of 2014 (June, July, August) we had a lot of mastitis, whilst in the same period of 2015 the number of cases was much lower, with a reduction of 42%.

The SCC, during the same period, dropped from over 300,000 to 250,000."
